WORK GOAL

Work in a company where my skills will be put to good use while actively participating in the success of the company. Take the opportunity to use and improve my knowledge. Professional, creative, responsible and punctual.

COMPUTER / INTERNET EXPERIENCE

Creation, programming, maintenance of websites (personal and professional): HTML, CSS, PHP, MySQL, Javascript, jQuery, Ajax. Knowledge of Perl, Java, ASP. Responsive website, frameworks: HTML KickStart, Skeleton. Knowledge of Foundation and Bootstrap. Knowledge of Angular JS (under development).
Programming languages: Basic, Quick Basic, Visual Basic 6, C / C ++, Pascal, Fortran, Cobol, Dibol. A bit of Objective C (in the process of learning) and Cocos2d.
Database: MySQL, BTRIEVE (Pervasive), SQL.
Software: Quarkxpress, Dreamweaver, Top Style, Photoshop, Illustrator, MS Excel, MS Word, InDesign, etc.
OS: Windows NT4, 2000, XP, Vista, 7, MAC OS X. Knowledge of Linux.
General troubleshooting: installation and configuration of software and hardware. Remove Viruses.
Knowledge of neural network, 'Fuzzy' logic, statistics, 'Theory of Games'.
Programming of personal projects: Chess program in C / C ++ and games. Astronomy, statistics.
Equipment I own: Desktop PC, Netbook (Win XP), Dell Laptop (Vista), MacBook Pro (OS X), iPad, iPod Touch.
Personal library: HTML, CSS, PHP, MySQL, Javascript, jQuery, Java, Python, Ruby, C ++, Visual Basic, Assembly (6502), Design Patterns, Computer Network, Operating Systems Design, Compiler Writing, Programming Languages Design, Fuzzy Logic System, Neural Networks, Statictics, Art of Computer Programming (vol.1-3), Data Structures, Windows XP, Linux System Administration, Red Hat Linux, Game Programming: Action, Arcade, 3-D. Chess: Theories and Programming.

EXPERIENCE IN INFOGRAPHICS

Photo editing :
- for the web: creation, retouching of all the photos that appear on the websites.
- for bookmarks, photo cards and mortuary cards: after receiving photos from clients, my task was to 'crop' the images, remove reflections in the glasses, remove unwanted items, reconstruct / add missing items, change backgrounds , cut out elements, add text, etc.
Creation of invitation templates (Wedding, Christmas, Mortuary, etc.)
Preparation of documents for digital printing.
Creation of advertisements for wedding magazines: usually taking photos, retouching, color calibration and editing in quarkxpress and / or illustrator.
Creation of 'layout' for different publications: catalogs, letters, advertising, etc.
Composition of texts for business cards, invitations, Christmas card, Bar Mitzvah, etc. in several languages: French, English, Italian, Spanish, etc.
Placement of graphic elements: images, photos, illustrations in the 'layouts' (invitations, business cards, advertising, etc.)

I used Photoshop, Quarkxpress, Illustrator, Fireworks mainly. Knowledge of several other software.
